

CAMERON AND PRINCE STREET BICYCLE LANES

BETWEEN KING STREET METRO STATION AND UNION STREET

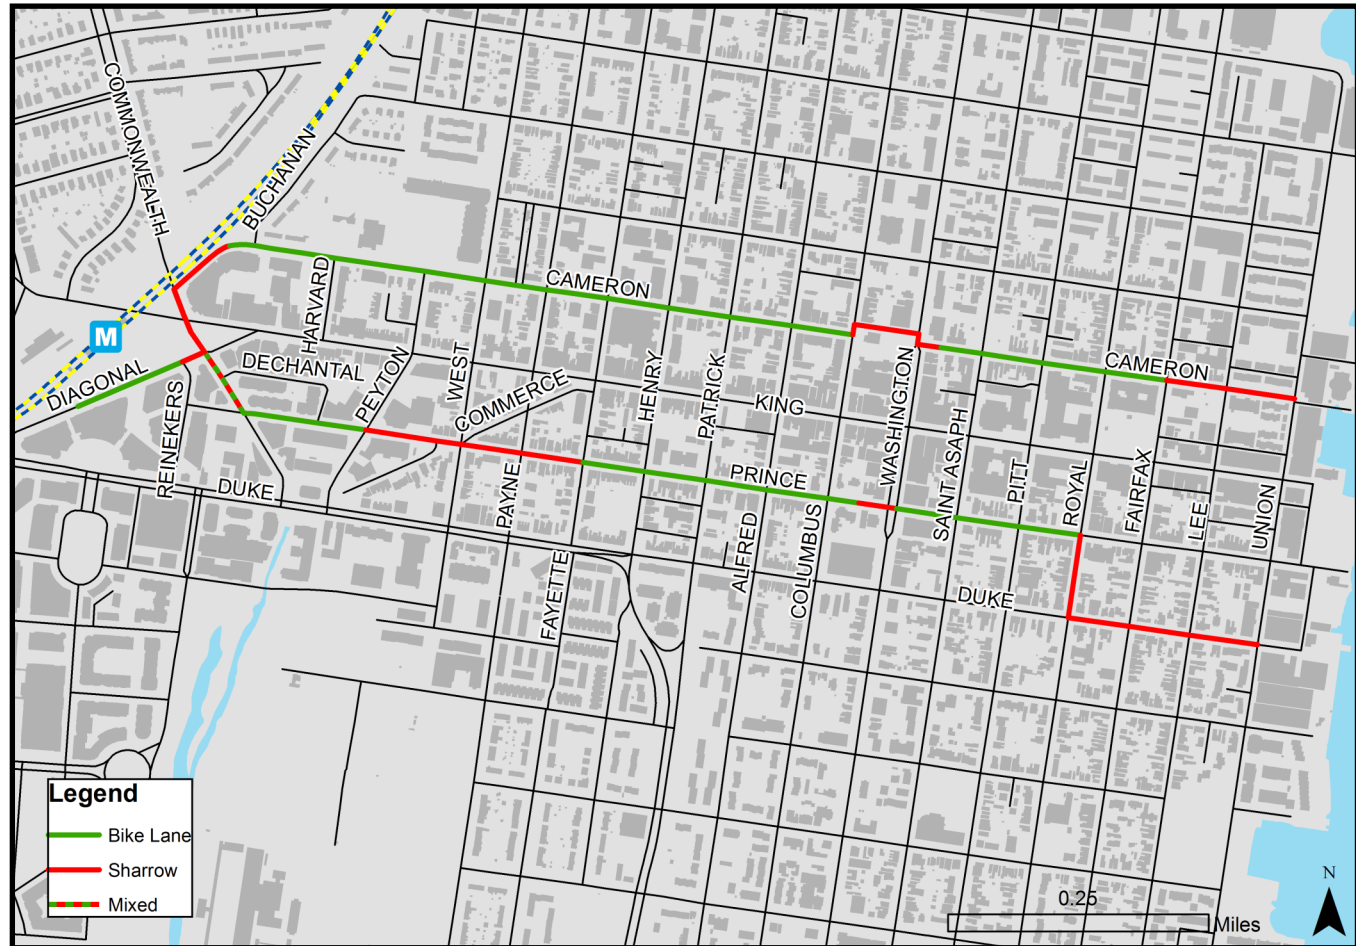

BACKGROUND

Cameron and Prince Streets are being resurfaced in Fall 2016. In conjunction with resurfacing, bicycle lanes and shared lane markings will be installed on both streets between the King Street Metro and Union Street.

PROJECT GOALS

- Improve east-west connectivity for bicyclists in Old Town
- Provide a contiguous dedicated bike lane on both streets, to the extent possible
- Reduce pedestrian, vehicle, and bicycle conflicts on King Street.
- Create a calmer and safer street for all bicyclists, pedestrians, and drivers.
- Minimize impacts to travel lanes and parking spaces.
